

The
Bulletin
Bureau

HAVENSWOOD
STATION

Norton Company

Auditing & Purchasing Dept.,

Worcester, Mass.

The April issue of the Bulletin featured a photo of a B. F. Cummins Company cover with perforated corner card dating 12 years before Perfin's were first authorized. Here is a 1915 Cummins cover, with a different perforated corner card, which is franked with a stamp bearing the "BFC" Perfin of the Cummins firm, manufacturer of perforating machines for stamps. (from the collection of Ray Crow)
